

SNEHASISH DAS

Computer Science and Engineering

OBJECTIVE

Motivated and detail-oriented final-year B.Tech student in Computer Science & Engineering with a strong foundation in Java, C, and web development (HTML, CSS, PHP, MySQL), along with growing expertise in data analysis using SQL and Excel. Recently completed industrial training in full-stack development, demonstrating both technical and problem-solving skills.

A fast learner and team player, eager to secure an internship or entry-level opportunity to apply my knowledge, contribute to real-world projects in web development and data-driven problem solving, and continuously expand my technical and analytical skillset.
